My 2013 Ford Focus transmission is an unpredictable little monster. No problems that I noticed until about 10,000 miles when it because to shudder, jerk and "slip" just when I needed it to engage - accelerating into a merge, going from level ground to a street on a hill, passing and even in pulling out of the driveway.

A surprising addition to this list but we can surely justify its inclusion here. Days of Future Past is undoubtedly one of the best comic book movies of all time. It managed to bring together the cast members of the original and prequel trilogies.. While becoming a classic movie, however, it somehow managed to undermine the importance of some of the previous X-Men films.
