This is the first lesson in a series of lessons to teach you how to create a DirectX 12 application from scratch. In this lesson, you will learn how to query for DirectX 12 capable display adapters that are available, create a DirectX 12 device, create a swap-chain, and you will also learn how to present the swap chain back buffer to the screen.

### Learning DirectX 12 - Lesson 1 - 3D Game Engine Programming

The radiator reduces the engine's temperature by dispersing the heat from the coolant/antifreeze. The radiator is composed of many hollow tubes and fins that help transfer this heat into the air. Search our inventory by using your vehicle model or replacement brand to find the right auto radiator for your car.
