AS/NZS 3012:2010 2 PREFACE This Standard was prepared by the Joint Standards Australia/Standards New Zealand Committee EL-001. Wiring Rules, to supersede AS/NZS 3012:2003. The objective of this Standard is to establish sound practices for the safe use of electricity at construction and demolition sites.

AS-NZS 3012: Electrical installations - Construction and ...
According to AS/NZS 3000 & 3010 as a "generator" both Actives and Neutral must be able to be disconnected. With the ones [sic] that now can act as a "stand alone generator" when the grid is down it introduces different requirements to meet this and both AS/NZS 3000 & AS/NZS 3010 have specific requirements and 4777 is aligning with these.
