Qualitative Research Design: Chapter 2. In this chapter, Maxwell focuses on the importance of having a clear understanding of the goals of your research, as they are an important part of the research design and justification of your research. Maxwell refers to goals in the broadest sense including "motives, desires, and purposes" of your research. He states that goals serve two important purposes: 1) "They help guide your design decision to ensure that your study is worth doing, that ...
