Freedom and Necessity is one of those novels with such a fun mash-up premise—historical Chartist movement/English socialism meets Victorian spiritualism and ancient aristocratic blood cults—that if nothing else I congratulate Stephen Brust and Emma Bull for their audacity. That the end result is actually readable is something worth applause.

Some time ago I distilled some of what  
I've figured out about writing into the  
phrase, " The art of writing reduces itself

to the craft of manipulating  
correspondence; the craft of writing  
reduces itself to the art of finding the  
right word. " I've been letting that float  
around in my head for a while now, to  
see if I could explain it in terms that  
might be useful to someone.
