Now, Cisco no longer offers the ICND2 to CCENT-certified professionals who want to advance to CCNA. Instead, Cisco requires a new exam -- exam 200-301 -- to earn a CCNA certificate. Whether a CCNA was earned the old way (via CCENT) or the new way (via exam 200-301) does not matter; the certification is equally valid both ways.

What is Cisco Certified Entry Networking Technician (CCENT)?

These are some of the questions I get all the time from students who are learning BGP, here are the answers: Technically this is possible...we can run OSPF (or EIGRP) within AS2 and use redistribution between BGP and OSPF. In my example R1 will only have a single prefix so it's no problem but what if R1 had a full internet routing table?
