An ebook (short for electronic book), also known as an e-book or eBook, is a book publication made available in digital form, consisting of text, images, or both, readable on the flat-panel display of computers or other electronic devices. Although sometimes defined as "an electronic version of a printed book", some e-books exist without a printed equivalent.

History Development. The Fire Phone was rumored to be under development for several years prior to its release. Amazon reportedly started work on the phone in 2010, showing a prototype to AT&T in 2011. The first mention of a possible phone designed by Amazon appeared August 2010 in the New York Times, with a source within Lab 126 claiming; "entering the mobile phone market... seemed out of ...
