### Peter Zumthor - Wikipedia

Dora Budor has channeled it into the very arteries of the Kunsthaus Bregenz: remote-controlled sex toys have been placed in a ventilation system that should operate invisibly and inaudibly. ... even if that is ultimately an illusion. In Bregenz, the architect Peter Zumthor took a controlled environment for display to the next level, creating a ...

### Dora Budor's "Continent" - Criticism - art-agenda

Bregenz es una ciudad de Austria, capital del estado federado de Vorarlberg, al oeste del país.Tiene una población aproximada de 28 000 habitantes. La ciudad, ubicada a orillas del lago de Constanza, se encuentra cerca de la ciudad alemana de Lindau y de la frontera con Suiza.. Bregenz es una de las cinco ciudades del estado de Vorarlberg, junto a Dornbirn, Hohenems, Feldkirch y Bludenz.

### Bregenz - Wikipedia, la enciclopedia libre

Radiant heating is a technology for heating indoor and outdoor areas. Heating by radiant energy is observed every day, the warmth of the sunshine being the most commonly observed example. Radiant heating as a technology is more narrowly defined. It is the method of intentionally using the principles of radiant heat to transfer radiant energy from an emitting heat source to an object.
