Amazon Best Sellers: Best Political Ideologies

In surveying some broad political ideologies, we first considered the question of justice. For most of the ideologies above, the question of justice is answered, to varying degrees, with the values of freedom or equality. Classical liberalism is an ideology more committed to the freedom of individuals, although the concept of equality is important.

Chapter 2: Ideologies of the Individual - Politics, Power ...

Patriarchy is an institutionalized social system in which men dominate over others, but can also refer to dominance over women specifically; it can also extend to a variety of manifestations in which men have social privileges over others to cause exploitation or oppression, such as through male dominance of moral authority and control of property. Some patriarchal societies are also ...

Patriarchy - Wikipedia

Historian Nancy MacLean writes that "since the 1960s the party of Lincoln has become the haven of neo-Confederacy. Having long prided itself on saving the Union, the Republican Party has become home to those who lionize the slaveholding South and romanticize the Jim Crow South". According to MacClean, this embrace of neo-Confederate views is not exclusively about race, but it is related to a ...

Neo-Confederate - Wikipedia

Political Socialization Influences. Like any other subject on which people develop opinions, many factors contribute to a person's political socialization. Because it is a development that occurs ...

What is Political Socialization? - Definition, Factors ...

Ideologies sometimes act as part of national egos and lead various nations into confrontation and wars. Different nations pursuing conflicting ideologies have tended to add to the modern world's tensions, particularly before and after the Second World War. The task of peace-makers is generally made difficult by the opposing ideologies.

Elements Of National Power - Political Science

The balance of power is one of the oldest concepts of international relations. It at once provides an answer to the problem of war and peace in international history. It is also regarded as a universal law of political behavior, a basic principle of every state's foreign policy through the ages, and, therefore, a description of a significant pattern of political action in the international field.
