Over the past 75 years ideas about the responsibility of development have shifted from the colonial and patronising view that poor countries were incapable of developing on their own and required the guidance and help of the rich colonial powers, to a view that each country has a primary responsibility over its own development aims and outcomes and that development cannot be imposed from outside.

Why Do Some Countries Develop and Others Not? - SpringerLink

The shocking, definitive account of the 2020 election and the first year of the Biden presidency by two New York Times reporters, exposing the deep fissures within both parties as the country approaches a political breaking point. This is the authoritative account of an eighteen-month crisis in American democracy that will be seared into the country's political memory for decades to come.
