when, how, and who, and they are specifically measurable. They should address what you need to do in the short-term (think 1-3 years) to achieve your strategic objectives.

### **Establishing Strategic Objectives and Goals**

13. Goal-Based Strategic Planning. Goal-based strategic planning is the reverse of issue-based. This approach works backward from the future to the present. It all starts with your organization's vision. By nature, vision statements are aspirational and forward-thinking, but they need specifics in order to be realized. Goal-based planning tackles that challenge by setting measurable goals that align with your vision and strategic plan.
