analysts live, eat, and breathe charts which is why they are often called chartists. You can look at past data to help you spot trends and patterns which could help you find some great trading opportunities.

Technical Analysis - Learn Forex Trading With BabyPips.com

Technical analysis boils down to two things: identifying trend.

Download Free Technical Analysis Chart

identifying

support/resistance through the use of price charts and/or timeframes. Markets can only do three things: move up, down, or sideways. Prices typically move in a zigzag fashion, and as a result, price action has only two states: Range – when prices zigzag sideways.
