2 thoughts on “ Is Technology Affecting Our Attention Span? Casey Andrew Schaum Post author October 19, 2016 at 1:53 pm. I couldn't agree more about the impact technology is making on our social life. Technology makes it easy for us to avoid face-to-face interactions but it also let's us contact almost anyone at any point in the day.

Is Technology Affecting Our Attention Span?

Attention Attention is the sixth studio album by American rock band Shinedown. It was released on May 4, 2018. It is a concept album, depicting an individual overcoming negativity and related problems to be reborn as a new person. The first single, "Devil," was released on March 7, 2018. The first promotional single, "The Human Radio," was released on April 5, 2018.

Attention span is the amount of time spent concentrating on a task before becoming distracted. Distractibility occurs when attention is uncontrollably diverted to another activity or sensation. Attention training is said to be part of education, particularly in the way students are trained to remain focused on a topic of observation or discussion for extended periods, developing listening and ...
