Wiltshire Industrial History Working Class

The history of Sheffield, a city in South Yorkshire, England, can be traced back to the founding of a settlement in a clearing beside the River Sheaf in the second half of the 1st millennium AD. The area now known as Sheffield had seen human occupation since at least the last ice age, but significant growth in the settlements that are now incorporated into the city did not occur until the ...

History of Sheffield - Wikipedia

The Industrial Revolution was the transition to new manufacturing processes in Great Britain, continental Europe, and the United States, in the period from about 1760 to sometime between 1820 and 1840. This transition included going from hand production methods to machines, new chemical manufacturing and iron production processes, the increasing use of steam power and water power, the ...
